

Reception comprehension workshop survey

21st October 2023

Number of people who attended: 71% (41) attended both work shops

Attendance RL: 76% (22)

RY: 66% (19)

Question	Yes	No
Did you find the workshop useful?	100%	%
Would you recommend the workshop to other parents?	100%	%
Were the take home resources useful?	100%	%

What was the most useful part of the workshop:

- Dividing the words into small parts. Explaining how you usually read the books for the children.
- Reading comprehension.
- Reading story and explaining.
- Going through examples of how to blend words, as well as the examples of questions we should be asking along the way.
- Your presentation and the examples you have given.
- I was just reading the book with him but I found out that I can read the book in a different way (this way that you taught us is more interesting and fun for us to read the book together) Thanks.
- To me it was great all round. I learned and was also reassuring. It showed me I'm doing things right with Alice.
- The workshop gave me a lot of ideas how to help my child.. Make me to think in the way which I never think before. It was very useful for me. Thank you Miss Loughlin and Miss Yates to gave me that time.
- Ideas on how to encourage your child to read. Showing how to read with kids. Showing difference between phonics and comprehension.
- Was able to understand and learn how Arya is being taught at school, which now even I can follow the same at home. Should be helpful for him even more compared to my previous knowledge.
- Suggesting words that I can use, like I wonder what's happening here and using other words and explaining they can mean the same thing eg junk meaning rubbish
- It has given me an understanding of the right questions to ask kids when reading the book.
- I think the most interesting part was the one with the phonics and the description of the images.
- The most useful part of the workshop was segmenting for spelling.
- In my opinion the most useful part of the workshop was the practical part.
- The activity with the children.
- It was very interesting how to show and explain child meaning and understanding of the word so that he could fully understand the text of the book. Hopefully that help.
- The questions for me were very useful. The phonics part, the sounding out.
- All the examples how we can keep our children to model their vocabulary and comprehension skills. The engagement of the whole group was amazing.
- I found the engaging questions the most useful part of the workshop and examples that followed
- In my opinion such meetings are very important for parents. For me defiantly. A lot of knowledge after the first meeting, which translates into help in our child's learning.
- The practical exercises, the guidance, the interactive discussions, everything was really helpful and have taught us how to engage children and support their comprehension.
- Well explained. The techniques I have to understand the children the story by walk through the story/ phonics techniques.

- The part regarding reading story books was practical and helpful. Now I understand the expectations of method are the same.
- Very interesting and encouraging
- Lots of questions provided to support my child in reading and understanding the story.
- Examples how to learn new words
- The practise with the children. It was good to actually see how much we get out of the children.
- Teachers tips and the home resources.
- To ask questions and discuss rather than just reading, to develop understanding.
- Being taught effectively hoe to do the blending and the actions.
- It was extremely helpful to be guided through the 'walk through'
- For me it was useful how to blend the phonics in the word and make it more like 'singing' lots of good examples how to question your child when reading with them.
- The most useful part of the workshop was how it enabled us as parents to be taught how to engage our children's creative skills.
- Blending and segmenting, using fingers for each sound, comprehension tips.

Any other comments:

- Thank you for all your support.
- Thank you for all your hard work and dedication.
- It was interactive, everyone felt at ease (it seemed) it was fun and we got to see te little ones at school which I think it helps with kids and parents alike. Thank you.
- Thanks so much, that was truly a good workshop.
- I think this meeting was helpful. This is how I can help our children better.
- Thank you so very much for your brilliant time, which you spent with the parents to teach us too, like our children very much appreciated. Thanks a lot
- Great workshop, thank you!
- Thank you
- The workshop was very useful, not boring.
- I would love to attend other workshops like this (in person or online) to help my daughter with comprehension and reading given English is her 2nd language. I found this workshop very engaging, well prepared and funny, therefore thank you for arranging this.
- Thank you from us for your time and all your hard work, information and guidance.
- Reading can be funny, thank you teachers
- It was a beautiful and welcome experience for me to know how to pronounce phonics correctly and how to make the correct description to be able to help my child too. Thank you for your time. To learn new and correct things. I would recommend that other parents come to help and the information we receive from the teacher will be useful to them.
- I love it all.
- Very good workshop.
- Great workshop! The resources will be a great help. Thank you!
- It was a very good reminder to make reading time silly and fuun so the kids will pay more attention and for longer.
- More of these workshops please!
